INTRODUCING MURATHÈNES

Murathènes is a non-profit association established in 2019 focused on popular education. It aims to create a community of encounters with, by, and for young people, centered around artistic and musical collective practice and creation. The association organizes educational and cultural projects such as international exchanges, workshops, and training, and offers support services for project development. These actions are directed towards both young people and youth professionals and stakeholders. We seek to enhance accessibility for isolated and/or marginalized audiences.

THE MAINS OF THE ASSOCIATION ARE :

- To provide equal access, primarily for youth, to cultural and/or social activities ;
- To support institutions, organizations, and informal groups in the process of project development that aligns with the values upheld by Murathènes ;
- To offer youth stakeholders opportunities for projects and meetings during training or collaboration times ;
- To energize rural areas and support opportunities related to JAMO (Youth With Fewer Opportunities) ;
- To allow as many young people as possible, without discrimination, to engage in and participate in artistic and cultural practices ;
- To promote coexistence.
